The GIST Programs offers in-person and online degrees at the bachelor's, master's, and graduate certificate levels. Our programs are classified as STEM degrees (Science, Technology, Engineering and Mathematics) and integrate GIScience, cutting-edge GISystems, and geospatial technology with management and problem-solving skills, to prepare you to use GIS in a variety of business, government, non-profit, and academic settings.

ONLINE BS-GIST

The BS-GIST degree is a 120-credit hour bachelor degree program, offered through UAOnline. BS-GIST students take 14 classes in their major, training students in GISystems and Technologies, basic programming for GIS, and application of GIS&T to web and mobile environments.

ONLINE MS-GIST

The online MS-GIST is an accelerated 18 month, 30 credit-hour program. Our interactive learning elements, online discussions, and other enhanced student services ensure a vibrant and highly successful learning community. Students can enroll for the Spring (January) and Fall (August) semesters.

IN-PERSON MS-GIST

The in-person MS-GIST degree is offered weekday evenings, to accommodate the busy professional. This 18 month program accepts students in January and has a 92% placement record in the geospatial industry.

ONLINE GRADUATE CERTIFICATE

The post baccalaureate certificate is a graduate 9 credit-hour program that is taken online. Students completing the PGIST certificate can be taken online or in-person or use them as a graduate minor in another UA degree.

According to the U.S. Department of Labor's Bureau of Labor Statistics (BLS), jobs in the field of cartography and photogrammetry are expected to grow by approximately 29% between 2014 and 2024.
